CITY, STATE: Bellmawr, NJ
FISCAL YEAR & QUARTER FOR SCAP: Fy'91 4th Q

CONTRACTOR RECOMMENDATION: ESI

EPA RECOMMENDATION: ESI

PA METHOD SCORE = 65.32

WAS SAMPLING CONDUCTED BY CONTRACTOR? yes

COMMENTS:

Semivolatile organic and inorganic compounds were detected at conc. above the CEQL in both surface and subsurface soil samples, which may be attributable to the site. There were no groundwater monitoring wells to see if contam. had reached the groundwater. Therefore, an ESI is recommended.
